

Innovation Project Application

Library: Wakulla County Public Library

Project Manager: Heather Bryan

Phone: 850-926-7415

Email: heather@wakullalibrary.org

Name of Project: WCPL Book Drop Cart and Classic Signage

Project Amount requested: 1110.00

Scope of the Project: We would like to purchase a real book drop cart to put inside our book drop in our local park. We cannot afford to purchase the cart and we are currently using a Rubbermaid bin to "catch" our books in the bottom of the book drop. This is damaging many of our books. We would also like to add some classic library icon highway signs with arrows in front of the library as our library is a little hard to spot from the road.

What need in the library/community will this project address? This project will innovate our book drop in a way that protects our books, increasing the time that they can stay in circulation and decreasing funds and employee time that is spent repairing or replacing the books. The signage that we are hoping to add simply makes us more visible, but this will help many of our community members who have a hard time spotting the library.

Resources required:

- Book drop cart: 809.99 (on sale when page printed on 11/2/18)
- 2 Library Logo Signs: 52.99 each (on sale when page printed on 11/2/18)
- 2 Arrow Signs: 39.98 each (on sale when page printed on 11/2/18)
- Shipping: 206.66 (this is where they get you!)
 - Total: 1109.62

Activities/Timeline (include estimated completion date): This is the fun part. As soon as the grant is approved, we can place the order for the items and have them all installed and making a difference within days of their arrival. This project should be completed within a month of grant approval.

How will the library sustain this project? By making sure the book drop is checked during operating days and by keeping the signs clean and visible.
