

Thank you

to all librarians for your dedication to keeping the community connected at this challenging time.

At EBSCO, we aim to nurture those connections with products and services that enable you to meet the information needs of all your library's users — wherever they may be.

- **FOLIO**[®] is an open source LSP that supports traditional resource management but is built for innovation
- **EBSCO Journal & E-Package Services** provides subscription management and access efficiencies for serials
- **EBSCONET**[®] **Subscription Management** makes it easy to acquire, administer, evaluate and renew resources
- **Full-text Databases** including *Academic Search Ultimate* and *Business Source Ultimate* contain world-renowned journals and peer-reviewed content for multiple subject areas
- **EBSCO Discovery Service**[™] is an all-inclusive search solution with functionality that anticipates user intent to deliver the most relevant results
- **EBSCO eBooks**[™] delivers 1.5+ million e-books, 146,000 audiobooks and 260,000+ DRM-free e-books
- **Flipster**[®] offers unlimited access to nearly 1,400 digital magazines on a user-friendly platform
- **PrepSTEP**[®] **for Colleges and Universities** prepares students for academic and career success
- **Stacks** web-based CMS provides everything you need to create a winning web experience for users
- **OpenAthens** offers single sign-on solutions allowing users to log in once for access to all your resources
- **GOBI**[®] **Library Solutions from EBSCO** offers collection development services for millions of e-books and print books
- **EBSCO Faculty Select**[™] supports textbook affordability by helping faculty access quality OERs and request access to DRM-free e-books

Learn more about these and other solutions for your academic library by downloading the e-brochure [here](#).
